SCHOOL + COMMUNITY

Regina Christian School (RCS) is an accredited, qualified independent school with the Saskatchewan Ministry of Education and is an associate school of the Regina Public School Board. RCS maintains membership with the Association of Christian Schools International and has been in operation since 1983. Our high school began in 2003.

We offer quality education for preschool, elementary, and high school students, including an Advanced Placement option for high school. As a culturally diverse Christian community, we are dedicated to equipping and supporting young people with the academic, physical, social, and spiritual skills necessary to succeed in their post-secondary studies and future endeavors.

RCS welcomes students from abroad through our International Studies program. We offer a fully-accredited English as an Additional Language Program (EAL) using curriculum that is approved by the province of Saskatchewan and a homestay program for students with parents living abroad.

CURRICULUM + GRADING SYSTEM

A Regina Christian School diploma is a respected achievement at universities and colleges alike. Regina Christian School is an accredited school with the province of Saskatchewan, and as such, RCS ensures all courses required to attain a grade 12 standing with the province are available to our students. Credits in Saskatchewan begin in grade 10. Students need 24 credits outlined by the ministry to earn a diploma. RCS offers a timetable that accommodates up to 12 credit classes per year and offers all required courses for post-secondary entrance requirements. In addition, a variety of elective options allow students to pursue passions and interests. Within our classes, students engage in project, inquiry and service based learning. Each year students complete a community service requirement. All student work is assessed and reported on a 100-point scale.

Enriched programming, for students focused on university prep, is available through regular and Advanced Placement classes. We offer the following Advanced Placement Courses: English Literature and Composition, Calculus AB, Biology, Chemistry and Physics.

Our ICM program partners students with Regina underprivileged youth, allowing them opportunity to be positive role models and to make an impact in their lives. Our Guatemala missions trip opens up a new perspective to students as they experience what life is like for those living in a third-world country. During this annual trip, students learn about the country and culture, while providing aid and support to our sister school, Vida Nueva. Since 2013, our students have participated in yearly fundraisers to benefit the students of Vida Nueva, including the construction of a 7 classroom facility.
